**A Holistic Education for Secondary School Students - LEAPS 2.0**

A holistic education provides students with a broad and deep foundation for lifelong learning. This includes learning not just in the academic areas. Equally important is the development of values and life skills in each child. This will equip the child to handle the challenges in life later on.

A holistic education also supports students to discover their strengths, interests and talents. Students tend to flourish in areas they are interested in. Thus, as far as possible, we should allow them to pursue their areas of interest.

Schools offer a range of co-curricular programmes to help students achieve a holistic education. Community service is also invaluable in helping students develop qualities such as care, concern and respect for others in society.

**LEAPS 2.0<sup>1</sup>**

LEAPS 2.0 is a framework to recognise secondary school students' holistic development. Students will be recognised with levels of attainment in four domains: Participation, Achievement, Leadership and Service.

**SUPPORTING YOUR CHILD**

As parents, you play an important role in ensuring your child's holistic and balanced development. Your child benefits most when the emphasis on developing values, life skills and your child's interests and strengths are reinforced at home.

You can discuss the following areas with your child when selecting his/her co-curricular activities:

- Identifying interests and strengths  
Example: What is your child interested in? What is your child good at?
- Setting objectives  
Example: What kind of person does your child want to be? What kind of values and life skills should your child be developed in?
- Encouraging self-directed learning  
Example: How does your child want to pursue this development? What are the possible opportunities that can help support this development?
- Managing commitments  
Example: Is your child able to cope? How can you help to support him/her in the learning pursuits?

<sup>1</sup> LEAPS stands for Leadership, Enrichment, Achievement, Participation and Service. LEAPS 2.0 builds on the LEAPS system to better reflect MOE's current emphasis on Student-Centric, Values-Driven education.

## CCA Final Selection

### CCA Selection Form

#### FORM INSTRUCTIONS

-Each new academic year, all Secondary 1 students will have the opportunity to choose 5 CCAs which they are interested to join. Our school offer a range of co-curricular programmes to help students achieve a holistic education. A holistic education provides students with a broad and deep foundation for lifelong learning. This includes learning not just in the academic areas. Equally important is the development of values and life skills in each child. This will equip the child to handle the challenges in life later on.

#### IMPORTANT NOTES:

- CCA participation is **COMPULSORY** for all students in secondary schools.
- Students must have a CCA each year from the list provided as the participation rate of 75% will be based on his/her attendance.
- Students who opted for Uniformed Groups are **NOT ALLOWED** to change their CCA throughout their secondary school years, except for medical reason(s).
- CCA entry is based on selection(s), interview(s) & audition(s) where appropriate.
- This form has to be duly completed and submitted by 26th January 2023

## LEAPS 2.0

### Leadership

- Depending on the type of the CCAs. There are different number of leadership positions available in the CCAs.
- i.e. Mass Rank Promotion in UG vs Sports/Clubs & Societies
- CCA teachers will inform the students who are not selected for CCA leadership.
- i.e. To participate in NYAA Silver during Sec 3.

### Achievement and Representation

- Representation of the school will also be based on a variety of factors such as individual merit, behavior and attendance. Taking into consideration the above factors, there is a need to allocate a limited number of number of Sec 1s for each CCAs.
- *E.g. NSG C Div Basketball: 15 Pax Team Cap (C Div=Sec 1 & 2 combined)*
- *If we are to allocate 20 Sec 1s in 2023 and 20 Sec 1s in 2024, there will be a total of 40 students competing for 15 positions.*

DO YOU HAVE THE  
APTITUDE AND COURAGE  
TO BE THE  
**Sentinel**  
WE NEED?  
DEFENDING OUR DIGITAL WAY OF LIFE

## PROGRAMME OVERVIEW

The Sentinel Programme is a talent development programme to equip youths with cybersecurity and digital skills. Organised by the Digital and Intelligence Service (DIS), in collaboration with the Defence Technology Community, the programme is fully sponsored by MINDEF/SAF.

## WHO IS THE PROGRAMME FOR?

### Secondary school students

The programme will build foundational skills in computing and cybersecurity. Lower secondary students will attend 3-day workshops during the school holidays.

Upper secondary students will deepen their skill sets through more frequent lessons. Students will also have opportunities to visit our defence agencies.

Upon graduation from secondary school, interested students will be invited to continue with the post-secondary programme.

### Junior College/Polytechnic/ITE students

The programme will deepen their cybersecurity knowledge in real-world applications. They will attend fortnightly classes on Saturday mornings as well as 3-day workshops during the school holidays.

Students will also have opportunities to visit & intern at our defence agencies and be mentored by cybersecurity professionals.

The programme will be conducted at designated programme centres/schools. The detailed schedules will be subsequently shared with the students admitted into the programme.

## WHAT IS THE SENTINEL PROGRAMME?

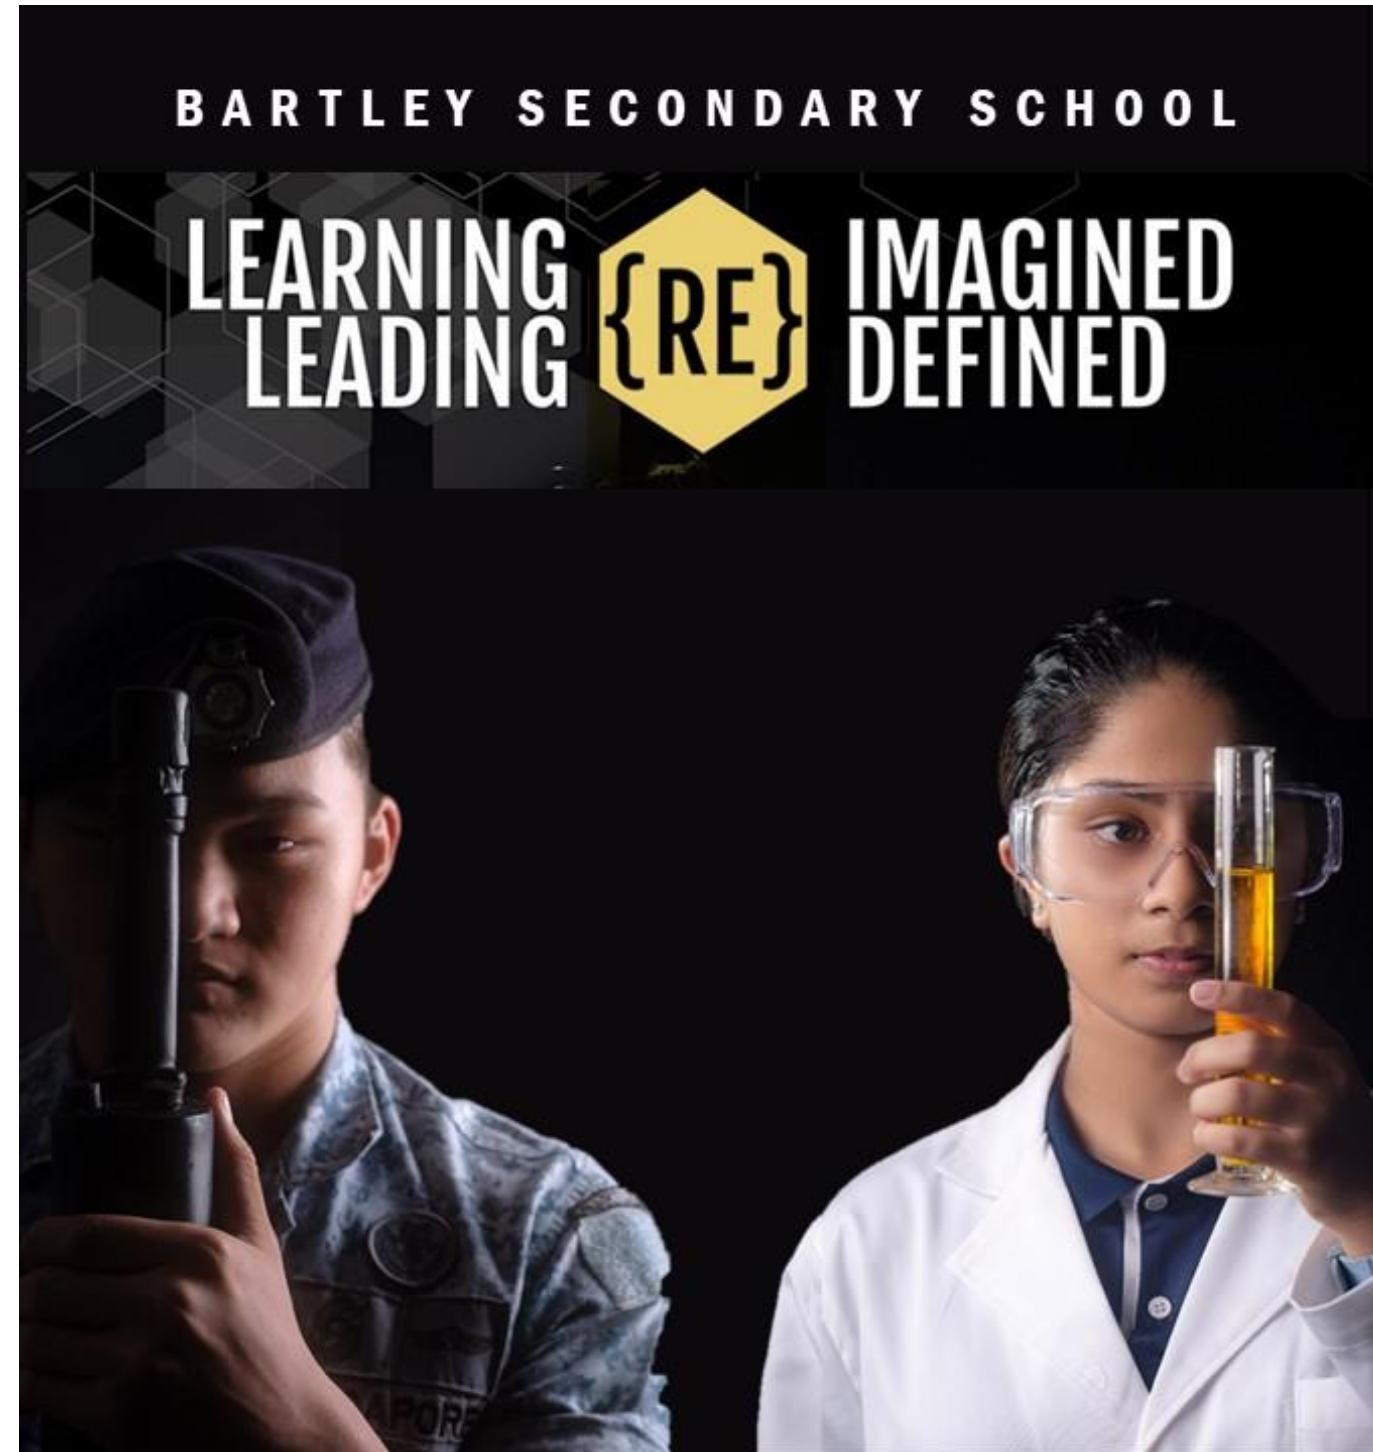

In an increasingly digital world where cyber threats are rampant, we need to constantly nurture new generations of Cyber Defenders. The Sentinel Programme is designed to foster youth interest and increase their competencies to safeguard our digital way of life.

It consists of

- Structured lessons to progressively equip students with relevant cyber skills
- Opportunities to visit and intern at our defence agencies to understand what cyber defenders do
- Opportunities to be mentored by working cybersecurity professionals and
- Competitive platforms for students to showcase their learned skills
